

Community Awareness Flyer “Kidnapping Scam”

Detectives are currently working two cases involving a phone scam targeting unsuspecting residents. The victim receives a phone call from a person claiming to have kidnapped a family member and demands money to be wired to a bank in exchange for the release of the "kidnapped" family member. If demands for cash are not met the caller threatens to hurt the family member. Personal information of the victim's family is gathered from internet social networking websites.

If you receive a call of this nature, immediately contact the Surfside Police Department at (305) 861-4862.
